YOUR DOOR YOUR WAY

Introducing the **Thistle Elite Series** and **Elite Series Plus Composite Door Collection**.

At Thistle, we believe our customers deserve the best which is why we have selected the highest-quality doors for this collection.

As well as being extremely secure, well-insulated and weatherproof, our Elite Series Composite Door Collection offers you the choice of 47 stunning designs in a wide range of fabulous colours to compliment your home.

Add that perfect finishing touch with a selection of high-quality handles, letterplates and door knockers. Make your home's entrance even more of a statement by adding Sidescreens and a Top Light to match your stunning new door.

From the door, frame, glass, handles, hardware and mechanism to the actual installation itself – every Elite Series Composite Door is covered by a comprehensive 10-Year Thistle Guarantee.

With Thistle you get quality, guaranteed.

WHY CHOOSE A THISTLE ELITE SERIES COMPOSITE DOOR?

DOUBLE REBATED

Our Elite Series Composite Doors feature a double seal for exceptional weather & draft proofing when compared to a standard 44mm single rebate door.

HIGH-QUALITY FOIL FINISH

All Elite Series Composite Doors are Renolit foil finished (not painted) matching the outer frame perfectly. This ensures they remain free from discolouration which commonly affects standard composite doors.

ENERGY-EFFICIENT GLAZING

All Elite Series Composite Doors feature Triple Glazed units as standard with Double & Triple Glazed options available for Sidescreens and Top Lights.

HIGH-STRENGTH CONSTRUCTION

The Elite Series features a unique fibreglass monocoque structure while the Elite Series Plus features an ultra-strong Durohalts composite structure. Both options feature a high-density PU Foam Core to maximise heat retention, and provide exceptional strength and security compared to standard foam-filled doors.

UNIQUE DOOR DESIGNS

We have a wide range of modern and classic styles to choose from with accessories and hardware in a range of stylish finishes, making your door totally bespoke.

HIGH-SECURITY LOCKING SYSTEMS

The Thistle Elite Series is top of the range for composite door security, featuring either a 10-point multi-lock or a 5-point automatic slam lock.

NO DELAMINATION

The unique construction of our composite doors means they will not warp, twist or delaminate - the Thistle Elite Series is built to last.

LOW THRESHOLDS AVAILABLE

Our Elite Series Composite Doors can be configured with low thresholds for ease of access - ask our team for further information and availability.

ARDOE

— Elite Series —

GLAZING OPTIONS
